

designDATA Named to CRN's Pioneer 250 List

GAITHERSBURG, MD (March 19, 2019) – designDATA is excited to announce that we have been named to CRN’s 2019 Service Provider (MSP) 500 list for a fifth straight year, earning a spot in the Pioneer 250 category which honors companies that have made their mark providing industry-leading managed services to small and mid-sized businesses.

CRN, a brand of The Channel Company, composes the annual list to recognize solutions providers and consultants in North America whose forward-thinking approach to managed services is changing the landscape of the IT channel.

“It’s an honor to be recognized on CRN’s Managed Provider 500 list for a fifth year in a row and to be named one of 2019’s Pioneer 250,” said Matt Ruck, designDATA’s President and CEO. “For us, providing solutions that drive business outcomes and simplify our clients’ IT operations is paramount. This award reflects our commitment to delivering customized, effective, and innovative solutions that help our clients make the most of their IT investments.”

About designDATA

designDATA is a managed technology company that simplifies IT for information workers through modern, turnkey solutions. We work with small-to-mid size businesses to eliminate IT bottlenecks – right from the beginning – to give them a fresh start, saving time and money. By harmonizing IT solutions with business objectives, designDATA helps organizations become more flexible so they can create better end users and more tech-savvy employees.
